Length:	65ft
Type:	Widebeam
Year:	2025

Description

Introducing a brand new 2025 65ft x 12ft Widebeam by Elton Moss – a breathtaking blend of luxury, craftsmanship, and modern comfort. Designed with full-time living in mind, this unregistered widebeam offers a flawless fusion of high-end materials, thoughtful layout, and exquisite detailing throughout. With two stunning double bedrooms, a spacious open-plan living area, and designer fixtures at every turn, this boat is the epitome of life on the water – elevated.

Step aboard via the large, pram-covered square stern, where you'll find plush upholstered seating and a full-size removable table with Desmo legs – perfect for relaxing or dining al fresco. The stern also includes hydraulic steering, a neatly integrated control panel, two weatherproof 230v sockets, and a secure steel entry door, all illuminated by subtle exterior lighting for added convenience and style.

Inside, the galley kitchen is a true chef's haven. Equipped with twin stainless steel sinks, a multifunctional mixer tap, and a full suite of integrated appliances – including a full-size fridge, freezer, dishwasher, oven, grill, hob, microwave, and even a countertop coffee machine – it offers both form and function. The space is finished with elegant white quartz worktops, a breakfast bar with two stools, and an impressive range of storage solutions to keep everything tidy and accessible.

Flowing seamlessly from the galley, the lounge offers a peaceful space to unwind, with a large L-shaped sofa and a wall-mounted 43" smart TV. Built-in shelving and ample storage cabinets add both charm and practicality, while large thermal break double-glazed windows flood the space with natural light.

Guests are treated to a beautifully designed second bedroom, complete with a king-size bed, double wardrobe, bedside tables, a dressing table or desk, and generous built-in storage. The master bedroom, positioned at the bow, is a luxurious retreat featuring another king-size bed, twin double wardrobes, a dressing table, and a 32" smart TV. Double doors open out onto the cratch-covered well deck, which includes fully weatherproof, upholstered seating – the perfect morning coffee spot or sunset escape.

The bathroom is every bit as elegant as the rest of the boat, featuring a double shower with both a waterfall and detachable head,

surrounded by a glazed pivot door that opens in both directions. A ceramic pump-out toilet and matching basin are mounted on a full-length quartz countertop, while a chrome heated towel rail and an abundance of storage keep things beautifully organised. Tucked away within a double-door cupboard is a full-size 9kg/7kg washer-dryer, seamlessly integrated into this sleek, functional space.

Constructed with care and precision by Elton Moss Boat Builders, this widebeam features a robust hull with a 10:6:5:4 thickness profile, protected by a two-pack epoxy coating and a bitumen sacrificial top layer. Stainless steel handrails, thermal break double-glazed windows, and refined finishes throughout speak to the quality and attention to detail of every element on board.

Timeless in design and exceptional in quality, this 2025 Elton Moss widebeam offers a rare opportunity to own a truly bespoke floating home. Perfect for those seeking comfort, style, and the freedom of life on the water – this is waterside living, redefined.
