Year:	2001

Description

Adagio is a stunning 57ft Cruiser Stern narrowboat that combines classic craftsmanship with modern comfort. Originally built in 2001 by Liverpool Boat Builders, this boat underwent a comprehensive and stylish renovation in 2021 by Marqueti Carpentry, resulting in a beautifully refreshed interior that feels both warm and contemporary. The thoughtful reverse layout offers a unique flow, with the kitchen located at the stern and the inviting lounge situated at the bow, providing panoramic views and a cosy atmosphere.

Step into the newly designed galley, where practicality meets style. The kitchen features a brand-new Thetford oven and three-ring hob, integrated 12v fridge, and fresh flooring that enhances the bright and airy feel of the space. A two-seater breakfast bar adds a charming spot for casual dining or morning coffee, perfectly complementing the well-equipped kitchen area.

Moving forward, the bathroom is cleverly designed to maximize space without sacrificing comfort. It includes a convenient shower, basin, and a composting toilet, all set against easy-to-maintain vinyl flooring with a radiator to keep the space warm and inviting. The bathroom's thoughtful layout ensures privacy and practicality for everyday living on the water.

The master bedroom is a peaceful retreat featuring a comfortable double bed with generous storage underneath, alongside a wardrobe and cupboard space to keep belongings tidy. This intimate space flows seamlessly into the lounge, creating an open-plan living area that's ideal for relaxing or entertaining. The lounge boasts a charming multi-fuel stove that adds warmth and character, filling the space with a cosy glow during cooler months.

Powered by a reliable 33hp Lombardini engine and equipped with a Webasto heating system with radiators, plus a solar setup and new batteries installed in 2021, Adagio is ready to take you on your next adventure with all the comforts of home. Whether you're cruising the canals or living afloat, this narrowboat offers a perfect blend of style, function, and comfort.
