Description

Branoc is a charming 57ft narrowboat, built in 2008 with a steel hull by Northwich Marina. She offers a warm, homely interior and a thoughtfully laid-out living space that's perfect for continuous cruising or comfortable liveaboard life.

The galley is a practical and well-equipped space located at the stern, with a classic cottage feel and plenty of natural light from the porthole windows. You'll find ample worktop space, a 4-ring gas cooker, fridge, microwave, washing machine, and a round sink with drainer. Open shelving and generous cabinetry make storage a breeze, and there's even space for a dining table or fold-down option for mealtimes.

Moving forward, the open-plan saloon is a cosy and inviting space. It features a full-length sofa bed, providing additional sleeping space, a comfortable leather swivel chair with footstool, a wall-mounted TV, and a solid fuel stove set against a tiled surround - perfect for creating a warm, ambient glow on chilly evenings. Built-in shelves and display units provide character and practicality. The room feels spacious and bright thanks to the over-6ft headroom and warm wood panelling throughout.

The walk-through bathroom includes a hip bath with an overhead shower, a Thetford cassette toilet (with spare), a modern sink, and even a tumble dryer. This is a generous and functional bathroom, ideal for liveaboard comfort.

At the bow is the master bedroom, which offers a fixed double bed with storage underneath, built-in wardrobes, drawers, shelving, and charming portholes dressed with curtains. There’s great use of space here, providing both comfort and functionality.

Branoc is ideal for someone looking for a well-maintained, characterful narrowboat that balances modern convenience with traditional charm. Whether you're planning to live aboard, use her for holidays, or take extended cruises along the inland waterways, Branoc is ready to set off on her next adventure.
