Estrella

Price: £59,950

Key Features

Location:	Tattenhall Marina
Berths:	4
Length:	57ft
Type:	Narrowboat
Year:	2006

Description

Welcome aboard Estrella, a beautifully proportioned 57ft semi-traditional narrowboat built in 2006 – an ideal length for comfortable long-term living or leisurely holiday cruising. Her semi-trad stern offers the perfect blend of traditional looks with added space and practicality, including a pram cover and bench seating that creates a sociable outdoor area while underway or moored.

Lovingly cared for and thoughtfully updated by her current owners over the past five years, Estrella is packed with recent investments that bring peace of mind and modern comfort. From a brand-new Webasto central heating system to a solar panel setup for efficient off-grid living, and a new PRM 150 hydraulic gearbox for smooth cruising – she's ready to take you wherever the waterways call.

Her exterior is in excellent condition for her age, reflecting the care she's received. Inside, she offers a solid and spacious layout, with scope for a little cosmetic refresh to put your own stamp on her. She's priced accordingly, making Estrella a fantastic opportunity for someone ready to enjoy narrowboat life with minimal mechanical hassle.

Step into a bright and practical galley that's been well laid out for both daily use and longer-term living. The space includes a full-sized gas cooker with a four-burner hob, separate grill, and oven – perfect for preparing hearty meals on the cut. A modern 70/30 fridge freezer keeps supplies fresh, while a stainless steel sink and drainer with a mixer tap adds a clean, modern touch. There's ample worktop space for prepping food, and a generous range of cupboards and drawers to keep everything organised.

The saloon is warm, welcoming, and ideal for both relaxing and entertaining. Two leather captain's chairs with footrests offer a cosy spot to unwind by the newly installed Morso Squirrel stove, which adds not only heat but charm and atmosphere. Thoughtfully placed cupboards and shelves provide plenty of storage without compromising space. Glazed double doors open onto the cratch-covered front deck – a peaceful nook for morning coffee, evening drinks, or even a little alfresco dining.

The L-shaped dinette is both practical and comfortable, perfect for mealtimes or working from your laptop while moored. At night, it easily converts into a double bed – great for guests or expanding your sleeping arrangements. Beneath the seating, integrated

storage keeps bedding or supplies tucked neatly away.

Located at the rear of the boat, the bedroom features a full-size double bed and generous built-in storage, including a wardrobe, cupboards, and shelves. It's a quiet, private space ideal for restful nights. The dog-legged steps from the bedroom lead you out onto the covered semi-traditional stern deck, where you'll find bench seating on both sides and spacious lockers – perfect for stowing cruising gear, outdoor furniture, or tools.

The bathroom is smartly laid out, featuring a recently installed ceramic pump-out toilet, a full-size shower with a glazed pivot door, and a modern wash basin set into a vanity unit. Additional cupboards provide useful storage for toiletries and towels, keeping the space tidy and functional.

Estrella is more than just a narrowboat – she's a lifestyle opportunity. With key upgrades already in place, she's ideal for those wanting a reliable and well-equipped boat that's ready to cruise or live aboard from day one. A touch of personal interior decorating is all that's needed to make her truly yours.

Whether you're planning weekend getaways or a full-time life afloat, Estrella offers comfort, capability, and character in equal measure.
