Designed with a reverse layout, she offers spacious and flexible accommodation for up to four people, making her ideal for families, couples, or anyone looking for a comfortable liveaboard or extended cruising experience. The layout runs from stern to bow: Galley, Saloon, Bedroom, Bathroom, and Master Cabin, ensuring a practical and well-flowing living space.

Entering from the stern, you step directly into the galley, which is open plan and thoughtfully designed for both functionality and comfort. It features a gas oven and under-counter cupboards, providing ample storage, along with generous worktop space for food preparation. There is also room for a washing machine, making everyday living on board convenient and practical.

The lounge is bright and spacious, centred around a multi-fuel stove with bespoke shelving built around it, creating a warm and inviting atmosphere. This area offers flexible seating arrangements and plenty of space to relax, dine, or entertain guests, making it the heart of the boat.
