Price: £39,995

Key Features

Location:	Tattenhall Marina
Berths:	4
Length:	50ft
Type:	Narrowboat
Year:	2005

Description

Hewis is a beautifully presented 50ft traditional narrowboat, offering the perfect balance of classic charm, thoughtful upgrades, and practical cruising credentials. Built in 2005 and repainted in 2019, she has been continuously and tastefully maintained, making her a true go-anywhere boat that's equally well suited to relaxed holidays or comfortable liveaboard life.

From the stern, Hewis features a well-designed utility area with a Morse controller, 12v and 240v control panel, excellent access to the engine, and ample storage — a practical and organised space that sets the tone for life aboard. The reliable Beta Marine 35hp engine paired with a PRM 150 gearbox provides confident handling and smooth cruising across the network.

Moving forward, the bedroom offers a calm and comfortable retreat, featuring a full-size double bed with generous storage drawers beneath, over-bed reading lights, and fitted cupboards. A full-height wardrobe alongside a shelf and drawer unit (mini dresser) ensures there's no shortage of storage, making longer stays aboard both easy and enjoyable.

The bathroom is smartly finished and well proportioned, with a ceramic wash basin and vanity unit, a full-size shower with glazed door, cassette toilet, and plenty of built-in storage — practical without compromising on comfort.

The galley is a standout feature, thoughtfully equipped for real cooking aboard. Corian/granite worktops provide both durability and style, complemented by a dual bowl stainless steel sink with mixer tap. Appliances include a Swan retro fridge, Vanette GG7000 oven and grill, and a Thetford two-burner gas hob, all surrounded by ample cupboards and drawers to keep everything neatly stowed.

At the bow, the welcoming saloon creates a warm and sociable living space. A genuine three-seater Futon sofa (new in 2022) easily converts into an additional double berth, allowing Hewis to comfortably sleep up to four. A solid fuel stove provides cosy warmth during cooler months, while a media unit and plentiful shelving offer practical storage and display space.

Recent upgrades include a new Webasto boiler fitted in 2025, further enhancing onboard comfort and reliability. With

approximately 500 litres of water capacity and a fuel tank of around 181 litres, Hewis is well set up for extended cruising or life afloat.

Overall, Hewis is a lovely example of a well-cared-for traditional narrowboat — versatile, comfortable, and ready to be enjoyed immediately. An ideal choice for first-time buyers, seasoned cruisers, or anyone seeking a compact yet capable narrowboat with character and quality throughout.
