Lurina

Price: £74,950

Key Features

Location:	Barton Marina
Berths:	2
Length:	56ft
Type:	Narrowboat
Year:	2020

Description

Lurina is a beautifully presented 56ft semi-traditional narrowboat, built in 2020 and thoughtfully designed to offer both stylish liveaboard comfort and practical cruising capability. With a well-balanced layout and quality craftsmanship throughout, she is ideally suited to couples or small families seeking a modern, ready-to-go vessel.

Stepping inside, the bright and spacious saloon creates an inviting first impression. A comfortable four-person settee provides the perfect place to relax and effortlessly converts into an additional double berth, making Lurina a versatile 2+2 berth boat. Clever storage solutions, including a tall cupboard, bookcase and under-seat compartments, ensure the space remains both functional and uncluttered, while a TV point adds to the onboard comfort.

The galley is well-appointed and designed with practicality in mind. It features a 12v fridge, sink with draining board, gas hob with three burners, oven and grill, along with ample cupboards and drawers for storage. Extractor ventilation and well-organised workspace make this a highly usable kitchen whether for short trips or extended stays aboard.

Moving through the boat, the master bedroom offers a calm and comfortable retreat. A fixed double bed with generous storage beneath is complemented by two wardrobes, overhead cupboards and additional cabinetry, providing plenty of space for clothing

and personal belongings.

The bathroom is fitted with a shower and cassette WC, offering all the essentials for comfortable onboard living.

Lurina benefits from a strong specification, including central heating, hot water via calorifier and immersion, solar panels, and double glazing throughout—ensuring year-round usability and efficiency. With its modern features, smart layout and excellent condition, Lurina presents a fantastic opportunity to step straight into life on the water.
