Moonstone II - Narrowboat

£42,500

Located at Shakespeare Marina

4 Berths

Length 24ft

2014

Description

Moonstone 11 is a well-presented 2014 Viking 24 River Cruiser, a popular and versatile boat designed for comfortable inland cruising. Compact yet cleverly designed, this cruiser offers excellent accommodation for up to four people, making it ideal for couples, small families, or those looking for relaxing weekends on the water.

Originally cruising on the River Thames, Moonstone 11 has spent the last three years moored at the beautiful Shakespeare Marina and is now ready for her next adventure with a new owner. She is powered by a 20HP Mariner outboard engine, fully serviced in 2023, and benefits from practical features including bow thruster, shore power, and easy-access side cut-outs, making manoeuvring and boarding simple and stress-free.

Inside, the boat offers a bright and practical layout. The galley is located to starboard and is well equipped for onboard cooking, featuring a Smev three-burner hob with glass cover, Thetford Duplex oven, flush-fitted sink, and a Waeco 12V fridge. Storage lockers are located to port along with a convenient TV shelf.

The main cabin saloon provides comfortable seating around a table, creating a welcoming space to dine or relax. This area easily converts into a large double berth, offering flexible sleeping accommodation.

A mid-cabin double berth provides additional sleeping space and includes an escape window opening into the cockpit, ensuring good ventilation and safety.

The bathroom is fitted with a cassette toilet, washbasin, and shower, providing everything needed for comfortable overnight stays on board.

The layout from stern to bow flows smoothly from the cockpit through to the galley, shower room, and cabin, creating a practical and sociable space for cruising and relaxing.

Moonstone 11 is a fantastic example of the ever-popular Viking 24 — a reliable, easy-to-handle cruiser perfect for exploring the UK’s inland waterways in comfort.
