Price: £47,500

Key Features

Location:	Roydon Marina Village
Berths:	4
Length:	50ft
Type:	Narrowboat
Year:	2014

Description

Step aboard Next Chapter, a beautifully presented 50ft reverse layout cruiser stern narrowboat offering a practical and comfortable liveaboard or leisure cruising experience. Built in 2014 by RLL Boats, this well-maintained vessel has been thoughtfully designed to maximise both living space and storage, making it an ideal choice for couples, small families, or those looking to embrace life on the waterways.

Entering from the cruiser stern, you'll find a well-equipped galley featuring a 12v fridge, washer/dryer, microwave, gas cooker, sink, and ample under-counter storage, providing everything needed for extended cruising or residential use.

The bright and welcoming saloon offers a comfortable sofa bed that converts into a full-sized double berth, creating flexible accommodation for up to four people. A multi-fuel stove provides warmth and character, making this the perfect space to relax after a day on the water.

Moving forward, the walk-through bathroom has been cleverly designed to make the most of the available space. It features a shower, wash basin with storage cabinet, and a separate toilet compartment housing a modern Simploo composting toilet.

The spacious master bedroom is flooded with natural light thanks to a large skylight positioned above the bed. The 4ft fitted hydraulic ottoman double bed provides exceptional storage beneath, complemented by a generous wardrobe and additional shelving for clothing and personal belongings.

Powered by a reliable Barrus Shire four-cylinder engine paired with a PRM gearbox, Next Chapter is also equipped with a Victron 1200VA Multiplus Compact inverter and solar power, helping to support comfortable off-grid cruising.

Combining practical features, generous storage solutions, and a bright, modern interior, Next Chapter is a fantastic opportunity for anyone seeking a versatile and easy-to-manage narrowboat ready for its next adventure.
