

Whaka Nui - Narrowboat

£65,000

🌀 Located at Saul Junction Marina

🌀 2 Berths

🌀 Length 60ft

🌀 1999

Description

Whaka Nui is a beautifully appointed 60-foot traditional stern narrowboat, built in 1999 with a GT hull and a high-quality Bruce Gavin fit-out, offering a warm, comfortable, and practical liveaboard or cruising experience. Designed with a traditional layout and thoughtful use of space, this boat combines classic narrowboat charm with modern conveniences.

Entering from the traditional stern, you step into the engine room which also doubles as a versatile second bedroom or boatman's cabin. This area features practical storage shelves and boxes, a wall-mounted coat rack, radiator, and access to the fuse box, making it both functional and adaptable.

Moving forward, the master bedroom provides a comfortable fixed double berth, complemented by a full-length mirrored wardrobe, overhead storage cupboards, reading lights, and generous under-bed storage. The calorifier is neatly housed beneath the bed, and a radiator ensures year-round comfort.

The bathroom is well equipped with a washbasin set in a vanity unit, overhead cupboard, electric flush toilet, and a fitted bath with

shower and folding shower screen. An extractor fan and radiator complete this spacious and practical washroom.

The Pullman-style dinette offers a cosy dining area that easily converts into an additional double berth, providing flexible sleeping arrangements for up to four people. Storage is thoughtfully incorporated, and a radiator keeps the space warm and inviting.

The galley is both stylish and functional, featuring a Shoreline 12v fridge/freezer, a Thetford four-burner gas hob and oven (new in 2022), twin stainless-steel sinks, and ample storage units for extended cruising or full-time living.

At the bow, the saloon offers a relaxing living space with an L-shaped built-in sofa bed with storage beneath, LED lighting throughout, cupboards either side of the steps to the front well deck, a 24" digital satellite TV/DVD player, and a DAB radio – perfect for unwinding after a day on the water.

Powered by a reliable Beta 1505 engine with PRM 150 gearbox, Whaka Nui offers dependable cruising performance. The boat also benefits from a 1000-litre stainless steel water tank and a 160-litre fuel tank, making it well suited for extended cruising or comfortable residential use.

With berths for 2+2, traditional styling, and a thoughtfully designed interior, Whaka Nui is a charming and capable narrowboat ready for new adventures on the waterways.
